

Our democracy depends upon a variety of voices being able to be heard. I believe that the proposed changes in media ownership rules would allow too much media in any given market to be owned by one company, and would end up restricting the number of independent voices in the form of opinion, news and music, to the detriment of the public and our society.

On June 2nd, I STRONGLY urge you to retain the current ownership rules. Do not allow a limited few to be the voice of many. Do not turn our media into a corporate empire.
